Modern design

- Stainless steel architecture
- Matching the Avance breakfast set

iF communication design award 2013

PHILIPS

Coffee maker
With glass jug Deep Black

HD7688/50

Highlights

2-in-1 detachable loader

Now you can brew a jug of coffee in one go! The 2-in-1 detachable loader allows you to fill with water and coffee at a stroke.

Advanced water level indicator

Philips has developed this advanced water level indicator with light guides, which allows you to see how many cups you have in the water tank easily.

Full frontal access

With this new design there is no need to move your coffee maker any more. All the parts are accessible from the front.

Auto shut-off

Forgotten to turn off the coffee machine? Don't worry! 2 hours after brewing the coffee, the coffee machine will shut off automatically to save energy.
